

## INTELLIGENT CONTROL (6 INPUTS / 8 OUTPUTS)

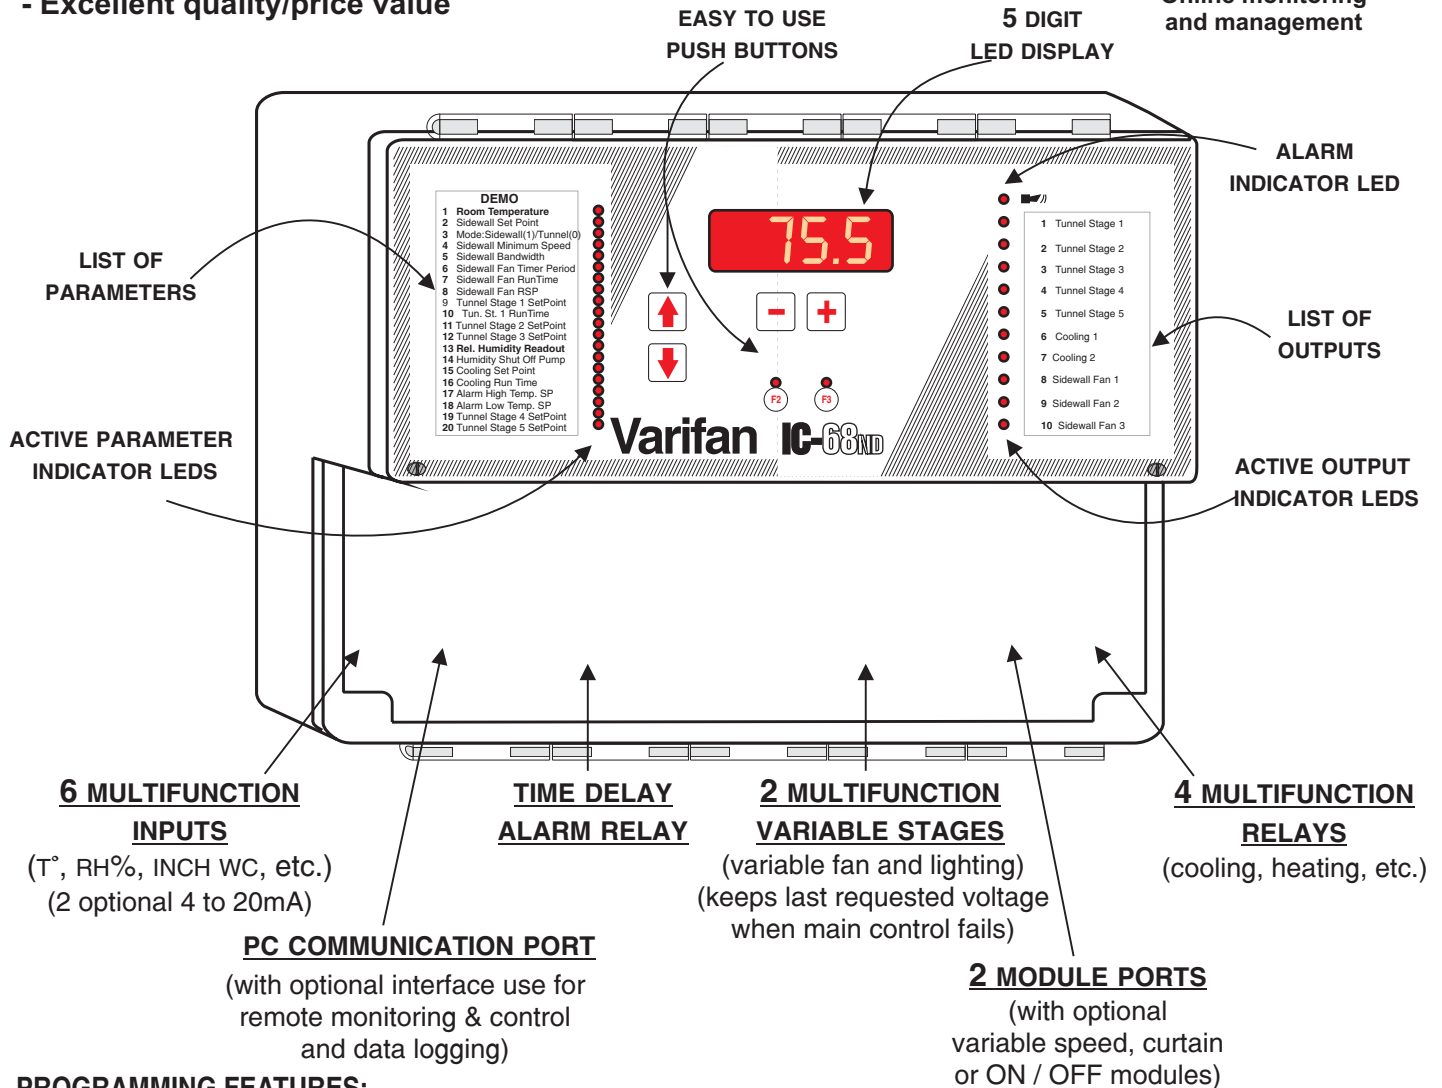

### ADVANTAGES:

- Customize logic to adapt to your needs
- User-friendly interface
- Reliability
- Excellent quality/price value

COMPATIBLE WITH:

**FarmQuest**  
ENVIRONMENTAL CONTROL

Online monitoring  
and management

### PROGRAMMING FEATURES:

- Flexibility allows for use with all types of ventilation systems and / or other applications.
- Fully adjustable ramping curve.
- Security code to lock or hide specific parameters.
- Able to network with other IC controls and computers.

## MONITROL

Manufactured by **Monitrol Inc.**  
 1291 Ampere St.  
 Boucherville (QC) J4B 5Z5  
 Canada

Tel.: 450-641-4810  
 Fax: 450-641-4631  
 Email: info@monitrol.com  
 www.monitrol.com

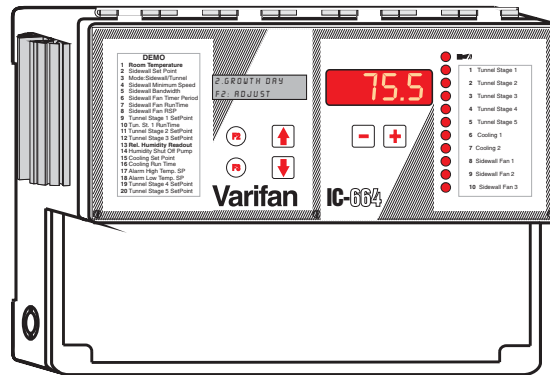

### SPECIFICATIONS:

Power consumption: 10 W max.  
 Power Source: 115/230 VAC (-20%, +10%), 50/60Hz  
 Outputs (relays): 115/230 VAC, 10 A. @ 250 VAC (res.)  
 1HP @ 240 VAC (ind.)

# IC-664

## THE IDEAL CONTROL FOR NURSERY ROOMS AND LOTS MORE

*With programmable logic & 5 other IC controls the IC series offers numerous possibilities best suited for today`s producers*

COMPATIBLE WITH:  
**FarmQuest**  
Online monitoring  
and management

### SPECIFIC FEATURES:

- 6 PROBE EITHER TEMPERATURE, HUMIDITY, STATIC PRESSURE, 2- 4@20MA INPUT SIGNALS.
- 4 RELAY OF 10 AMP. MAX.
- 4 INTERNAL VARIABLE STAGES, 10 AMP. MAX, WITH MOTOR CURVES, 1st AND 2nd STAGE OVERLAP OPERATION.
- 2 COMMUNICATION PORTS FOR EXTERNAL MODULES.
- LCD DISPLAY.
- LARGE ENCLOSURE.

### GENERAL FEATURES:

- ALARM RELAY WITH TIME DELAY.
- LOCAL AND REMOTE PC INTERFACE.
- POSSIBILITY TO INCREASE THE NUMBER OF FEATURES BY ADDING AN OPTIONAL SLAVE UNIT IC-610SL OR ANY OTHER IC CONTROL AS A SLAVE.
- NEW LOGICS CAN BE PROGRAMMED TO SPECIFIC NEEDS & APPLICATIONS REPLACING THE INTERNAL CM-8 CHIP.
- SELECT THE TYPE AND QUANTITY OF EXTERNAL MODULES FOR THE APPROPRIATE APPLICATION.
